Activities

Course Certifications

Completed the course on Data Structures and Algorithms.	April 2022 – August 2022
Completed the course on Advanced Java in Udemy	May 2022 – September 2022
Completed the course on Project based Python programming.	March 2023 – August 2023

Industrial Internships

June 2023

- Artificial Intelligence and Machine Learning Powered by Google Developers
 - It is a project-based course, mainly focuses on data science, building models and building simulations.
- To access: https://drive.google.com/file/d/1aISytFJpM2m4fWJIE1Wa42kK4-EXdyBF/view?usp=drive_link

Data Analytics

- Completed internship in data analytics from IntrainTech provided by the college.
- Attended bootcamp on Data Analysis using SQL conducted by CSI chapter club.

Virtual Bootcamps

- Attended bootcamps on DSA, JS, Python and Data visualization conducted by reputed company Devtown.

Programming Skills

- Solved 350+ problems in Data Structures and Algorithms on LeetCode
- To access: <https://leetcode.com/Sandeep-6-0/>
- Five-star badges in Python, Java and Problem solving in Hackerank
